BULLETIN NO. 1:

**D I R E C T O R Y**  
**MONTANA NATIONAL GUARD**

1. This Bulletin is published as an official record of the officers and enlisted men of the Montana National Guard who were inducted into active Federal service in the months of September and October of 1940 under the provisions of Executive Order of the President, No. 8530 dated August 31, 1940, and Public Resolution No. 96, 76th Congress, approved August 27, 1940, and the National Defense Act of June 3, 1916, as amended.
2. Also contained herein are lists of the officer promotions since induction into Federal service as of March 31, 1943.
3. Every effort has been made for absolute accuracy in this Bulletin and to show the correct status of every man in the Montana National Guard as of September 16, 1940. All official changes in their status, which have been received since induction, have also been noted whenever possible. A copy of this Bulletin is to be furnished to every member of the Montana National Guard as it was inducted, to the State Historical Library, public libraries and any other similar agency which may desire it.

By Direction of Governor SAM C. FORD,  
Commander-in-Chief.

S. H. MITCHELL,  
Lieutenant Colonel, F. D.  
The Adjutant General

## F O R E W O R D

The Montana National Guard was inducted into the active Federal service of the Army of the United States for one year during the period of September 16, 1940; September 23, 1940; and October 8, 1940. The period of active duty was later extended eighteen months by Executive Order No. 8862, dated August 21, 1941. They had completed only about two and one-half months of the latter period when the United States was treacherously attacked at Pearl Harbor.

When the Montana National Guard was inducted, it consisted of a total of 119 officers, 1 Warrant Officer and 1,631 enlisted men. Of this number 17 officers and 154 enlisted men were honorably discharged or relieved from active Federal service for physical disqualification and dependency. Therefore, after the induction losses, there remained a net total of 102 officers and 1,477 enlisted men in active Federal service from Montana. The names of those men who enlisted in the Army of the United States after the date of induction are not shown in this Bulletin as they were not members of the National Guard when it was inducted.

At the date of induction into Federal service, the Montana National Guard consisted of the State Staff and Detachment; 163rd Infantry Regiment; Co. D, 116th Quartermaster Regiment; Co. D, 116th Medical Regiment; Hq. 2nd Battalion, 116th Quartermaster Regiment, and parts of the 81st Brigade Headquarters and 41st Division Headquarters.

With the exception of the State Staff and Detachment, all of the above named troops were a part of the 41st Division comprised of troops from the states of Idaho, Montana, Oregon, Washington and Wyoming and were inducted into Federal service with the Division on September 16, 1940. They remained at their home rendezvous for a few days until the process of induction was completed and then entrained for their permanent training station at Camp Murray and Fort Lewis, Washington.

The State Staff, consisting of seven officers was inducted at Helena, Montana on September 23, 1940, and was immediately detailed for duty at State Selective Service Headquarters. The State Detachment was inducted on October 8, 1940 and was also detailed to State Selective Service Headquarters.

Appended to this Bulletin is an outline map of the State of Montana showing the location of the units at the date of their induction into active Federal Service.

**EXECUTIVE ORDER**

Extending the Periods of Training and Service, Active Military Service, and Enlistment of Persons in or Subject to Training and Service or Active Military Service.

By virtue of the authority conferred upon me by section 2 of the Service Extension Act of 1941 (Public Law 213, 77th Congress), approved August 18, 1941, and as Commander-in-Chief of the Army and Navy of the United States, it is ordered as follows:

1. The periods of training and service of all persons inducted for training and service under the provisions of the Selective Training and Service Act of 1940, as amended, who are now, or who may hereafter be, in such training and service are hereby extended for a period of eighteen months, unless such persons are sooner discharged. Notwithstanding such extension of the periods of training and service, the Secretary of War shall, as the interests of national defense permit, release from training and service and transfer to a reserve component of the land forces, as provided in section 3 (c) of the Selective Training and Service Act of 1940, as amended, all those persons who shall have completed twelve months of such training and service. The release of such persons from training and service and their transfer to a reserve component of the land forces shall be accomplished with a view to the early creation of a large trained reserve while, at the same time, maintaining the Army in immediate readiness for use in the defense of the nation.

2. The periods of active military service of all members of the Regular Army Reserve, all members of the Enlisted Reserve Corps, and all members and units of the **National Guard of the United States**, who are now, or who may hereafter be, in the active military service of the United States, pursuant to orders issued under the authority of Public Resolution No. 96, 76th Congress, approved August 27, 1940, are hereby extended for a period of eighteen months, unless such persons or units are sooner released or discharged. After completion in each case of twelve months of active military service by such persons and units, and as the interests of national defense permit, the Secretary of War shall provide for the release of such persons or units from active military service under such regulations as he shall from time to time prescribe.

3. The periods of enlistment of all persons who are now, or who may hereafter be, enlisted in the Regular Army, the Regular Army Reserve, the Enlisted Reserve Corps, and the **National Guard of the United States** are hereby extended for a period of eighteen months, unless such persons are sooner discharged. After completion in each case of the unextended period of enlistment by such persons, and as the interests of national defense permit, the Secretary of War shall provide for their discharge under such regulations as he shall from time to time prescribe.
